Honorable William J. Casey
Director of Central Intelligence
Washington, D.C. 20505

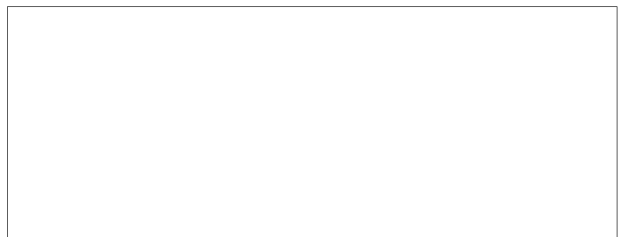

Dear Bill:

I understand that you will soon make a final decision regarding a pay differential for intelligence personnel serving overseas. I remain concerned that this action could generate pressures for similar pay increases for other government personnel overseas. I, therefore, request you provide me a copy of the contractor's final report along with any proposals you have for changing the CIA compensation system prior to transmitting specific recommendations to the Congress or deciding on a final course of action. I understand that up until last summer when you awarded the overseas pay differential, CIA had used the General Schedule as a standard in determining compensation practices and had coordinated with OMB prior to deviating from the General Schedule in any significant way. I believe we should return to this procedure and that together we can arrive at a mutually agreeable solution which meets CIA needs while insuring equity across the broad spectrum of federal pay activities. Sincerely,

David A. Stockman
